

Digital Gift Card Acceptance Procedure

Accepting a One4all Digital Gift Card instore.

1. Balance - Spend in-store: If the recipient chooses to spend in-store, they will be prompted to download the One4all Wallet app on iOS or Android. Once downloaded, they can log in using the same One4all credentials to view their gift card.

iOS – From here, the recipient will be prompted to add their gift card to Apple Pay. Once added to Apple Pay, the card is ready to spend in-store via contactless payment.

Android – From here, the recipient will be prompted to make the One4all Wallet their default payment method. The card is now ready to spend in-store via contactless payment.

Split-tender payments and payments over €30 are possible, just like any other mobile contactless payment.

Return of Merchandise

Do not post refunds to the gift card. Please refund in store credit or store card/ voucher or as advised by your store management.
