

WHERE TO SPEND

Birthdays

Congrats

The One4all Gift Card is a perfect gift for any occasion.

Thank You

Just Because

Your gift card needs to be loaded with money before use. Is it displaying zero balance immediately after purchase? Simply wait 24 hours and check again.

Spend your card for full or part-payment at any One4all partner. Simply swipe it in the card reader at the till. This is a prepaid card, so it's processed like a debit card. Don't forget to check your balance before you spend your card as the retailer will not be able to find out your balance.

Shop online by removing the scratch off panel on your card to reveal your CVV and relevant dates for online shopping. You can spend up to the value of your card online.

Want to know your balance? Simply scan the QR code on your gift card and you'll be taken to our Balance Checker to enter your gift card details. You can also text 'My balance' and your 16 digit card number to 57887 or call 0330 828 0881 and follow the prompts.

We want you to enjoy spending your gift card and to treat yourself to something soon! It's best to spend your gift card within the first 18 months. After that a nominal operational and processing charge of £0.90 commences monthly.

Download the One4all app for card uploading, balance checks and more!

Treat your gift card like it was cash. Note your gift card number and keep it safe.

Full information about current retail partners, **terms and conditions**, privacy policy, FAQs, lost card, redemption charges and more can be found at one4all.com.
