

# WHERE TO SPEND

Birthdays

Congrats

**The One4all Gift Card is a perfect gift for any occasion.**

Thank You

Just Because

**Your card** needs to be loaded with money before use. Is it displaying zero balance immediately after purchase? Simply wait 24 hours and check again.

**Shop in-store** for full or part-payment with any of One4all's participating retail partners. Simply swipe your card in the card reader at the till. This is a prepaid card, so it is processed like a debit card. Do not forget to check your card balance before you spend, as the retailer cannot access this information. Payment will fail if you do not have sufficient funds.

**Shop online** by removing the scratch off panel on your card to reveal your CVV and relevant dates. You can spend up to the value of your card online.

**Download the One4all app to add your card to your digital wallet, check your balance, and more!**

**We want you to enjoy spending** your card and treat yourself to something soon! It is best to spend your card within the first 18 months. After that, a nominal operational and processing charge of £0.90 commences monthly.

**Protect your One4all Gift Card** by treating it like it were cash, keep your card details safe, never disclose your card number or CVV, and ensure you check your balance using the official One4all website, app, phone, or text services.

**Full information** on current One4all retail partners, terms, conditions, privacy policy, FAQs, lost card procedure, redemption charges, and more can be found at [one4all.com](http://one4all.com).
